

Manikanda Prabhu Bagavathi Krishnan

Data Analyst - Melbourne VIC 3000

Phone: 0434 552 927 — Email: manikrishnan0530@gmail.com — LinkedIn: linkedin.com/in/manikanda-prabhu
GitHub: github.com/Manikrishnan0530 — Portfolio: manikrishnan0530.github.io/portfolio/

Skills

Programming: Python, R, SQL

Data tools: Excel, Power BI, Tableau, Jupyter Notebook

Technologies: Pandas, NumPy, Scikit-learn, TensorFlow, Streamlit, Flask, MongoDB, Git, GitHub, ONNX

Data: Data Analysis, Data Cleaning, Data Visualisation, KPI Reporting, Feature Engineering

Soft skills: Communication, Teamwork, Problem Solving, Organisation

Education

Master of Data Science

RMIT University – Melbourne, Australia

Feb 2025 – Dec 2026 (Expected)

3.4/4.0 GPA (Upto 2nd Semester)

Bachelor of Technology in Information Technology

Jeppiaar Institute of Technology – India

Aug 2016 – Nov 2020

3.12/4.0 GPA

Experience

Machine Learning Engineer Intern

Focus Bear – Melbourne, Victoria, Australia

Apr 2026 – Present

- Developed machine learning models to analyse user behaviour and improve distraction detection using NLP techniques.
- Engineered behavioural features (tab-switch frequency, session duration) to improve predictive performance.
- Collected, cleaned, and processed user session data to enhance model training quality and generalisation.
- Evaluated models using accuracy, MAE, RMSE, and performed iterative optimisation to improve generalisation and reduce error.
- Documented model architecture, feature engineering workflows, and deployment processes to support production.

Data Analyst

Smartfusion Corporate Solutions Pvt Ltd – Chennai, India

Feb 2024 – Feb 2025

- Processed and analysed **over 1M** operational records using Python and SQL to identify patterns, trends, and support data-driven decision-making.
- Performed exploratory data analysis and statistical evaluation to identify key performance indicators and actionable insights.
- Automated data cleaning and validation processes, improving reporting accuracy and **data reliability by 30%**.
- Developed interactive Power BI dashboards to visualise key metrics and enhance stakeholder visibility.
- Communicated analytical findings and insights to cross-functional teams to support process improvements and performance outcomes.

Client Partner

Access Healthcare – Chennai, India

Nov 2021 – Apr 2023

- Analysed healthcare claims datasets to identify patterns and improve approval workflows.
- **Increased approval outcomes by 40%** through structured data tracking, performance monitoring, and trend analysis.
- Generated performance reports to monitor operational efficiency and reduce processing delays.

Junior Consultant (Internship)

Tasksent – Chennai, India

Oct 2020 – Nov 2020

- Conducted campaign and audience data analysis to support targeted digital marketing strategies.
- **Improved website visibility and traffic by 25%** using SEO optimisation and structured performance tracking.

Projects

Credit Card Fraud Detection Using Generative Adversarial Networks (GANs)

Python, TensorFlow, Scikit-learn, Pandas

- Developed a fraud detection model using an **imbalanced dataset containing 284K+ credit card transactions**.
- Implemented GAN-based data augmentation to generate synthetic fraud samples and address class imbalance.
- Compared GAN augmentation with **SMOTE, ADASYN, and other resampling techniques**.
- Evaluated Random Forest models using Precision, Recall, F1-score, and ROC metrics for imbalanced classification.

InfoMate – AI Chatbot

Python, Streamlit, GPT-4, MongoDB

- Developed an NLP chatbot using structured and unstructured university-related datasets.
- Applied text preprocessing and embedding techniques to improve contextual response accuracy.
- Deployed an interactive web application using Streamlit for real-time user interaction.

Certifications & Volunteering

Deloitte Australia Data Analytics Job Simulation – Forage

Commonwealth Bank - Introduction to Data Science Job Simulation - Forage

Event Volunteer – PMI Melbourne Chapter (2025 – Present)

Event Crew – RMIT Open Day (2025)
